

# GO FISH!

This is a game for 4 players. Before playing the game revise or pre-teach the vocabulary used in the activity.

The object is to collect sets of four cards of the same rank, by asking other players for cards you think they may have. Whoever collects most sets wins.

The dealer shuffles and deals 4 cards to each player.

Players take turns asking one other player if he or she has a card.

If they have it your turn continues;

if not the turn passes to the player you asked.

You must have a card of the rank you asked for.

Sets of 4 cards are discarded.

The game continues until all the cards are formed into sets, and whoever gets most sets wins.

## MATERIALS

### BAKED GOODS

bread  
buns  
cake  
cookies

### VEGETABLES

carrot  
cucumber  
onion  
tomato

### FRUIT

apple  
banana  
lemon  
pear

### DESSERTS

chocolate  
ice cream  
lollipop  
pie

playing cards

Player A collects the red cards (Vegetables).

Player A:

Sandra, can I have a carrot, please?

Player B:

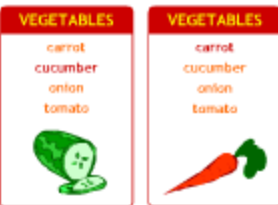

Here you are!

Player A:

Tom, can I have a tomato?

Player C:

Sorry! Go fish! It's my turn.

a set of four cards of the same rank

## Preparation

Print out playing cards. If you want, you can stick the printout onto the heavy paper.

Cut out the individual cards, fold them and glue.

You can laminate your cards for future use.
