

If you would like to make your domino cards more durable you can:

- print them on heavier weight paper, or
- stick the printout onto light cardboard

Laminate for future use.

Cut out the individual cards so that there is a picture at one end and a text at the other end.

1

Cut out.

Cut out the individual cards along dashed lines.

There are
parrots
on
the carrots.

There is
a snake
on
the cake.

There are
moles
in
the holes.

There is
a frog
in front of
the log.

2

Ready!

There are
parrots
on
the carrots.

Each individual card
has the picture on the left,
and the text on the right.
