

We use **can**
in question forms

to ask for help

**Can you help me,
please?**

to ask someone
to do something for us

**Can you close
the window, please?**

When you ask someone for
something, or you ask them
to do something for you,
it is important to be polite.

Remember
please
and
thank you

Please goes at the end of the
sentence:

**Can you wait a minute,
please?**

Say
thank you
when people help you!
