

QUIZ GAME

This is a game for 2-4 players (or teams). Before playing the game revise or pre-teach the names of all the items on the playing cards. Use them as flashcards.

Shuffle playing and wild cards. Make your own game course by placing the cards face up (answer side down) on the floor (or table) like this:

Students roll the dice and land on a card.

If it is a wild card, they follow the instruction (e.g. **Miss a turn**, **Sing an English song**).

If it is a playing card, they read the question, for example, **Is there a frog behind the apple?** Then they have to give the right answer (check by flipping the card).

The questions have three different levels of difficulty and are coded with stars (easy - one star, medium - two stars, hard - three stars).

Each correct answer gains points (one star - 1 point; two stars - 2 points; three stars - 3 points). The student with the most points wins the game.

Preparation

Print out playing and wild cards. Laminate for future use. Cut out the individual cards, fold them and glue.

MATERIALS

question side

answer side

playing cards

wild cards

a dice

a place marker for each player

You can use buttons or pawns as markers.

If you would like to make your own markers, you can use our templates.
